SIR,

Subject: Model Rearing Houses for rearing Silk Worms - Construction of.

--

I have the honour to state that I reported to Government in my letter No.D.4.2131/27-28 dated 8/9-1-1934 the need for constructing a Model Rearing House. It is felt very necessary to construct a model Rearing House, at Bilidevalaya, a village, near the Government Silk Farm Kunigal. The adikarnatakas of this village, who are rearers of silk worms have at present no suitable accommodation. The Model Rearing House proposed to be constructed at the place will be placed at the disposal of these rearers and the Propaganda Staff attached to the Government Silk Farm, Kunigal, will, by timely guidance, help them to rear "Chawki Worms" for sale. Preparing and selling Chawki worms, which is at present practised only in Kolar and parts of Bangalore is found very lucrative.

The Superintendent of Sericulture has selected a suitable site for constructing the Model Rearing House. It is 5 Guntas of land in S.No.30 of Bilidevalaya village and this land is the Kodagi Inam of Thirumaladevaru. The Superintendent of Sericulture has reported that the villagers have no objection to the acquisition of the land for constructing the Rearing House and the cost of the acquisition of the 5 Guntas is expected to come to about Rs.15/- only. As it is necessary to construct the building this year alone the land will have to be acquired and placed at the disposal of the S----

P.T.O.

Sericultural Department immediately. The Revenue Sub Division Officer Gubbi Sub Division states that in view of the urgency the land may be taken possession of immediately under Sec. 17 of the Land Acquisition Regulation. A copy of the letter dated 1/2-1-1934 from the Revenue Sub Division Officer to the Superintendent of Sericulture in the matter and a copy of the Superintendent's recommendations thereon are submitted for reference.

I request you to kindly obtain very early orders of Government sanctioning the taking possession of the land under Sec.17 of the Land Acquisition Regulation.

The cost of the Rearing House and the cost of the site for the same will be met from the current year's budget of the Sericulture Department, as the Rearing House is proposed to be constructed for purposes of Demonstration.

I have the honour to be,
Sir,
Your most obedient servant,

Director.

Sl:1

From the Director's letter dated 25th January 1934, it is seen that the land proposed to be acquired is a Kodagi Inam of Timmalapuram; but from the notifications issued by the D. C. and the vernacular correspondence, it is seen that it is a Kudagi Inam of Anjaneyaswami.

(a)

S.No. 30/1 is in the name of Anjaneya Devaru; & 30/2 in the name of Thimmalidevaru as seen from the records. It is out of S No 30/1 that 5 guntas are proposed to be acq.

I & Subs issued a draft G.O. and notifications Subs by the D.C.

3 Kind attention is invited to the Surveyor's report dated 23rd Dec. 1933 wherefrom it will be seen that the Adikarnatakas of Bilidevalaya village are prepared to pay for the land and to credit the amount to the Temple funds. As the cost of acquisition is only about Rs. 15/- and as the proposed construction of a rearing room in Government is calculated to encourage the Adikarnatakas to take to rearing of silk worms, it is perhaps unnecessary to ask them to pay the amount; this is for orders—

SIR,

I have the honour to state that as per your recommendations some lands were given to the Adikarnatakas of Bilidevalaya, in Kunigal Taluk for Mulberry cultivation at concession rates in view of the fact that these families made good use of the one acre of land which had been given to them gratis in 1926 for Mulberry Cultivation. The new land has also been brought under Mulberry and the 16 families of Adikarnatakas have been working enthusiastically under the guidance of the Sericultural Department and have been eking out their livelihood decently in spite of the severe depression in the Silk Trade.

You inspected their gardens and rearing houses in June 1933, and the adikarnatakas represented to you the difficulties they are feeling for want of suitable resting accommodation. The Adikarnatakas are at present rearing worms in rickety sheds which are unsuitable to rear young ~~worms~~ silk worms. The Adikarnatakas are not in a position to improve their rearing houses for the present and Sericultural Loans cannot be granted to them to build rearing houses as they cannot offer adequate security for the loan.

The rearing of young worms is a work which requires much skill and patience and if worms are neglected in early ages, the crops will not be successful. The practice of rearing young worms and them selling them to individual rearers is a specialised and very

very desirable branch of the Industry and is prevalent in Kolar and parts of Bangalore District. It is necessary to popularise this system in the other Sericultural parts of the State also. Bilidevalaya is very well situated for this work in Kunigal area as all the rears are working under the guidance of the Sericultural Department. To take up this work at Bilidevalaya a building of the type to be constructed on the Channapatna Farm Premises at a cost of 490/- has got to be constructed at Bilidevalaya. In this building all the adikarnatakas will rear the young worms under the guidance of the Staff of the Sericultural Department,

When you were at Bilidevalaya you selected a site for such a building. It is ascertained that the site selected is not available, and is unsuitable for a building as the drainage water of the village finds its way both sides of the site. There is a very desirable site very near the houses of the Adikarnatakas but this site has got to be acquired. To construct the rearing house and to plant a Mulberry Tope around it, 5 guntas of land in Survey No. 30 of Bilidevalaya village has to be acquired at a cost of about Rs 15/- only. This land is Kodagi or inam land of Thirumaladevaru. The villagers have no objection to the acquisition of the land. The Amildar of Kunigal Taluk has made a reference to the Revenue Sub-Division Officer of Gubbi Sub-Division about this land on my request. I submit herewith copy of letter dated 2-1-1934 from the Sub-Division Officer suggesting that Government sanction may be obtained to hand over possessuon of land under Section 17 of the land Acquisition regulation.

I beg to request that Government sanction may kindly be obtained to hand over possession of the land to the Sericultural Department as it is very necessary to construct the rearing house this year only.

I have the honour to be,
S i r,
Your most obedient servant,

Superintendent.

With reference to your No.D.3782 dated 5-2-34 re: the acquisition of 5 guntas of land in S.No.30/1 (Kodigi Inam of Tirumala-devaru) of Biledevalya village, Kunigal Taluk, required for the construction of a Model Rearing House for rearing silk worms, I have the honor to forward, herewith, the required notifications under section 17 of the Land Acquisition Regulation together with the connected records ending with Gubbi Sub Division Officer's No.L.A.7/33 dated 23-3-34.

It is reported that the value of the property to be acquired is estimated at Rs.70/- per acre or Rs.8-12-0 for 5 guntas. The cost of acquisition will have to be met from the Industrial Department and the Director of Industries and Commerce has been addressed this day separately to intimate to you direct to avoid delay the exact source from which the cost of acquisition is proposed to be met.

As it is seen from the records that the construction of the building has to be taken on hand and completed before the close of the current official year, I request that sanction of Government may kindly be obtained to the acquisition of the property authorising the Sub Division Officer, Gubbi Sub Division to take possession of the land under section 17 of the Land Acquisition Regulation.
